“Maximising students’ abilities, ambitions and academic potential”

Accessibility Plan

Recommended by the Finance and Premises Committee	
Date: Feb 2018	
Approved by the Full Governing Body	
Signed:	
Next review due: Feb 2020	

Broadoak Academy is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment.

Introduction:

Broadoak Academy is a vibrant and innovative learning environment, where all students, including those with disabilities, can maximise their abilities, ambitions and academic potential. We welcome the responsibilities placed upon us by the Equality Act 2010, which states that schools must implement accessibility plans which are aimed at:

- increasing the extent to which disabled students can participate in the curriculum;
- improving the physical environment of schools to enable disabled students to take better advantage of education, benefits, facilities and services provided; and
- improving the availability of accessible information to disabled students.

In referring to students with disabilities, the Equality Act defines disability as when a person has a 'physical or mental impairment which has a substantial and long term adverse effect on that person's ability to carry out normal day to day activities.'

Aims:

The aims of this Plan are:

- to ensure the Academy fulfils its statutory requirements, as detailed in the Equality Act 2010;
- to provide a clear guide for parents/carers and students about how the needs of students with disabilities are promoted and supported;
- to enable disabled students full and equal access to all aspects of Academy life;
- to ensure all staff and volunteers at the Academy understand their role in facilitating the accessibility of opportunities for students with disabilities.

Monitoring and review:

The Plan will be monitored by the Academy Council and through the whole Academy annual Improvement and Development Plan.

To improve the availability of accessible information to disabled students	1. Ongoing use of new technologies to support delivery of information to students with disabilities	1. Regular training/attendance to network meetings to develop knowledge of new technologies available	BGW	New technologies are understood and used by staff where appropriate
	2. Ongoing switch from Teacher Guidelines to Pupil Passports to ensure Student Voice embedded as part of sharing strategies with staff to ensure work/information is accessible for all	2. Students work with key workers to develop 'pupil passports'	BGW SST	Lesson Obs/Learning Walks demonstrate good or better teaching across the Academy, with well-developed differentiation strategies implemented
	3. Ongoing training for SST staff so that needs of students are understood and appropriate adjustments can be made as needed	3. Use Student Focus Meetings to disseminate training to all staff	BGW CSM	Parent and Student Voice through SEND/EHCP reviews indicate that needs are met
