

THE BROADOAK YELLER

The Halloween Edition: October 2021

Welcome to the Broadoak Yeller!

All the students in the Broadoak magazine club have been working hard to produce a fun and light-hearted magazine that fills all the Broadoak Academy students in on the latest events and news – including some fun activities! We cannot wait to share more issues with you in the future (we have some exciting things coming your way!) and hope to get more people involved in the student magazine team :)

Are you thinking about joining our team?

Great! We are looking for people who can bring their skills into our magazine and make it amazing! Just turn up to A4 at 3:00 on Thursdays and join the Broadoak Yeller!

The whole team is happy to welcome you and your ideas here at the student magazine club.

THE BROADOAK YELLER

Pumpkin Carving with Craft Club

Our magazine club merged with craft club last week to get involved with some Halloween crafting, thanks to Miss Kissane and Mrs Betts. We made pumpkins out of paper, and the instructions have been written up by Evan and Jayden, if you want to have a go too. You can see how ours turned out!

Step 1: Cut a piece of orange paper in to 12 equal strips

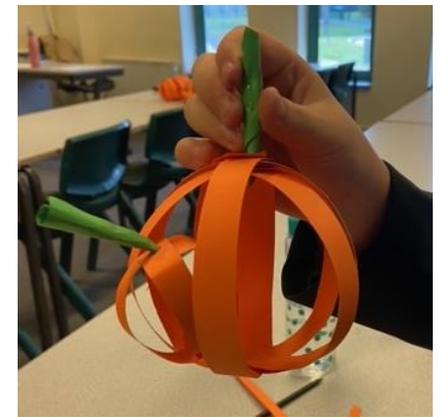

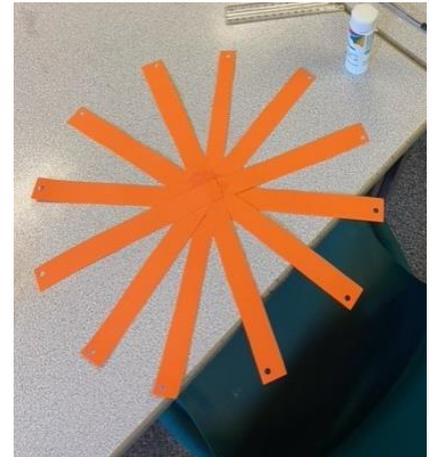

Step 2: Stick these strips together by the ends, so they make a star shape (see picture)

Step 3: Hole punch the end of each strip

Step 4: Make a thick tube out of green paper, to be the stalk, and thread this through one of the holes

Step 5: Gluing the end of each strip as you go, thread each hole through the stem and stick the tops of the strips together, to make a ball shape

Step 6: Decorate your pumpkin with some greenery or a face! (see our examples for some inspiration)

Funny Bones:

Why don't skeletons ever go trick or treating? Because they have no-body to go with.
