

Friday 03 April 2020

Dear Parents and Carers,

Re: Update – Friday 3rd April 2020

Stay at Home, Protect the NHS, Save Lives.

Thank you again to all our families and students for keeping yourselves and each other safe. This is most definitely a community working together to look after each other!

From **Monday 6th April 2020**, we are relocating the Cabot Learning Federation Easter provision to Haywood Village Academy. The provision will be staffed by colleagues from all schools using the site – Uphill School, Hans Price Academy, Broadoak Academy as well as Haywood Village Academy. This will provide vital childcare for critical workers only, while still reducing staffing levels to their minimum to meet the government's social distancing aims. You will still be able to contact us through our usual channels.

You have all been phenomenal at supporting your children adapt to a new way of learning but with the Spring break upon us it is time to take a breath! The timetable of online learning will be replaced for the next two weeks by the opportunity to rest, recuperate and, to keep those young minds busy, an opportunity to engage in our **Broadoak Easter Challenge** which is attached. We recognise that our young people may enjoy staying engaged in learning however there is no compulsion to do so. For those who want to take part, we hope you enjoy it and look forward to engaging with you over the next two weeks.

For any of our families who have any queries or need support, please contact us at parents@broadoakacademy.clf.uk

We will be in touch before the end of the break to set out plans for the coming terms.

Stay safe and look after each other.

Yours faithfully

Mrs K McGillicuddy
Principal
Broadoak Academy
