## Introduction

### **Anthony Webster** **Head of SEND at North Somerset**

Dear SEND Community,

I'm delighted to bring you our latest newsletter. This edition is packed with exciting updates ranging from health and social care colleagues to our young people and parent carers.

One of the highlights of my year is attending the SEND Young People's Council. It is truly inspiring to hear directly from our children and young people about their experiences and their vision for positive changes in the SEND community. I encourage you to check out the "Buzz" link they've put together for more insights.

Our SENDIAS service, SAY and our parent carer forum NSPCWT, continue to be pillars of support, offering training to schools and families and peer support to families. Their work is crucial in empowering our community with knowledge and resources. For example, NSWPCT are actively supporting the Neurodiversity Transformation Project and the Partnership for Inclusion of Neurodiversity within schools. This initiative is making great strides in creating more inclusive educational environments.

Mark your calendars for the Day of SEND on October 23rd at Priory School. This event promises to be an excellent opportunity for learning and networking.

We'd like to extend a hearty congratulations to Sam, who was named the BBC Young Reporter National Winner. What an incredible achievement!

I'm also thrilled to highlight the Supportive Internship Programme. It's been a rewarding experience for Dan, who has been working within the SEND team. This programme has not only supported Dan's learning but has also enriched our team's perspective of the Supportive Internship programme.

Lastly, we want to hear from you! We're seeking your thoughts on the most effective ways to communicate with professionals and practitioners in the SEND world. Your ideas and experiences are invaluable in helping us improve our communication strategies.

Best regards,

Anthony Webster  
Head of SEND, North Somerset

***We're revamping our communications with regards to this SEND newsletter for professionals and practitioners. What is your opinion on how we should do this?***

***Please send your thoughts and comments to:***

# North Somerset Parent Carers Working Together (NSPCWT)

North Somerset Parent Carers Working Together are the local parent carer forum, there to support parents & carers of children/young people between the ages of 0-25 that have an emerging need, additional need and/or disability. We represent the collective voice of North Somerset parent carers to key decision makers across the local authority, health and education.

## News from our team

★ Excitingly, we have recently recruited to build on the capacity of our team. We have expanded to include a Finance Lead, an Administrator, an Engagement, Participation and Co production Representative plus a Peer Support Worker! ★

## Carers Week 2024

Carers Week raises awareness of caring and highlights the challenges unpaid carers face, recognising the contribution they make to families & communities throughout the UK. We loved treating our Parent Carers to two delicious brunches & hosting a fish & chip evening!

## Neurodiversity (Autism & ADHD) Transformation Project Update

The transformation project was created to co-ordinate the review of the Autism and ADHD Pathways and is led by the ICB and co-chaired by the three Parent Carer Forums (PCF) across Bristol, North Somerset and South Gloucestershire (BNSSG) who have been working with the three local authorities, professionals across health, education, social care, and voluntary sectors, to ensure the voices of parent carers and children and young people inform the future model.

We are providing a project update specifically for our parent carers to ensure they are fully informed about the status of the project, and to provide an opportunity for questions.

- [Online 7pm-9pm Tuesday 9th July 2024](#)
- [Or In person 10am-1pm - Thursday 11th July 2024](#) at BAWA, 589 Southmead Rd, Bristol, BS34 7RG

## Partnership for Inclusion of Neurodiversity in Schools (PINS)

The PINS project is a National initiative funded by the DFE and led by NHS England which will test a new model for supporting good outcomes in mainstream primary schools for Neurodiverse students and to strengthen parent carer and school partnerships.

PINS will bring health and education specialists and expert parent carers into mainstream primary settings to: help shape whole school SEND provision, provide early interventions at a school level, upskill school staff & support strengthening of partnerships between schools and parent carers. [Read More Here.](#)

List of North Somerset schools involved with the PINS project: Ashcombe Primary School, Becket Primary School, Corpus Christi School, Crockerne Church of England Primary School, Golden Valley Primary School, Kingshill Church School, Mary Elton Primary School, Milton Park Primary School, Sandford Primary School, St Anne's Church Academy, Wallscote Primary School, Wyndybble Primary School, Yeo Moor Primary School.

### Local student is selected for a national award from the BBC

Included in this year's winners of the BBC Young Reporter Competition was local student, Sam Thorne, of Hans Price Academy. This prestigious competition is in its sixth year and gives 11 to 18 year olds across the United Kingdom the opportunity to produce their own stories.

Sam's story, "How mentoring can be 'life-changing'" was selected as a national winner and has been shown across the BBC including on BBC Radio 5 Live with Naga Munchetty and also on BBC Radio Bristol.

## News from North Somerset

Louisa Jacobs

### Employer of Choice Project Co-ordinator

#### Do you see me? Will you work with me?

We'd like to showcase Daniel James, our first Supported Intern, who works in the SEND team at North Somerset.

#### What's a supported internship?

It's for 16-24 year olds with special educational needs and disabilities (SEND) to gain experience, develop skills, and help them move into sustainable paid employment.

#### What new skills have you learnt on your internship?

I feel my communication skills have developed, and I have more confidence. My ability to pull out key pieces of information has grown since attending a weekly panel and recording decisions. I have a natural aptitude for retaining information, and the amount I've retained since learning my new role has been fantastic. This means I learn from my experiences.

#### What have you enjoyed doing?

One of my biggest achievements is inputting new cases on to the SEND Portal. This involves contacting parents via email. I learnt the process quickly and feel very comfortable carrying out this task. I have become an independent worker, successfully working in the office without support on a few occasions and also working from home.

#### How has the team supported you?

I feel that the SEND Team has supported me by:

- showing me how things are done so that I can memorise the instructions and giving me written instructions which I then adapt to suit me
- arranging break times to have a routine that works for me

Pictured is Daniel James

- giving me a fixed desk after a short period of hot desking so I know where I will be when in the office.

When working from home, the team makes regular pre-agreed check-ins and makes sure I know who to contact if I need help. In the early days, my job coach was very supportive and added value to the role by enabling the team to discover what adjustments might need to be made.

#### What are the benefits for the team of a supported intern?

Dan's manager, Dawn Hedges says: "Dan is a valued member of the team and is a wonderful example of how a Supported Internship can be successful. Dan carries out meaningful work which has helped with relieving some pressure from a very busy team. I felt extremely proud of Dan when he went back to visit his old school to talk about his experiences with the Supported Internship programme. He hoped to inspire others to reach their full potential and fulfil their ambitions."

### New Resource Base at Locking Primary

Treetops Resource Base pupils at Locking Primary School can enjoy brand new facilities, following completion of a two-classroom building that can accommodate up to ten children with Moderate Learning Difficulties (MLD).

The new building is another step forward for SEND provision in North Somerset, offering a specialist intervention programme within a mainstream school, providing the children with a bespoke environment where they can access additional support and learning tailored to their needs.

North Somerset Council delivered the new building in partnership with Locking Primary School & ELAN, Chris Goodsall Architects and Wernicks Buildings Ltd. The project was constructed using modern modular building techniques, undertaking most of the construction off-site to help avoid disruption to the school day.

The Weston Mercury reported on the new building: [You can read more about the new building in the Weston Mercury article about it available here.](#)

Images show the delivery of, then the exterior and interior of the new classrooms at Locking Primary School which have been created for children with SEND.

## SEND Clubs & Activities Service

**Lenna Harris** Sitting Service Team Leader  
Children with Disabilities Team

SENDCAS enjoyed a busy, fun-filled week of May half-term activities. We enjoyed our complex needs and fun days at The Firs, with curated zones matched to the interests and needs of the young people including a craft area, sensory room, large well-equipped cooking area, and safe outdoor space.

Our 4-week summer holiday activity offer has been released and we have been blown away with the request for places. As well as our days at The Firs, you may see SENDCAS in the community enjoying trips to Brean Leisure Centre, Mendip Outdoor Pursuits, Crazy Golf, The Pier, and Ten-Pin bowling.

Our Family Passes continue to be very popular; this offer allows a family to visit several attractions free of charge. Our new family passes offer will be released soon.

To request passes please register on the Disabled Children's Register and email [SENDCAS@n-somerset.gov.uk](mailto:SENDCAS@n-somerset.gov.uk). We love hearing from and receiving photos from families who have enjoyed a day out at one of the venues.

We would like to celebrate the news that former North Somerset Council SENDCAS (Special Educational Disabilities Clubs and Activities Service) Buddy, Leanne Bryant has received a Silver Pearson National Teaching Award, for Teacher of the Year in a Primary School. - Please allow **10 working days** to process your request.
- The venue may ask you to show proof of carer status.
- We can only offer one pass per week to a family of a child with additional needs.
- Please check access arrangements directly with the venue before arrival.

# Update from Sirona Care & Health

**Gráinne Rogers - Head of Children's Therapies and SEND**

The Children's occupational therapy service had a range of online resources and guidance for a range of needs, including sensory processing. This can be found on our website.

[Occupational Therapy Resources & Links Children and Young People's Services \(sirona-cic.org.uk\)](https://www.sirona-cic.org.uk)

The Speech and Language Therapy Talk to Me campaign provides online support for children's language development by encouraging families to chat, sing, play and read to their child throughout the day. Our Talk To Me campaign offers tips on ways that families can interact with their children so they can develop their communication skills.

Making time to chat, play, share books and sing together with a child will support their language development and can be lots of fun too. When is your best 'together time'?

# 'The Fox', the Early Years Poetry Basket Poem for July

The Poetry Basket is a project which aims to develop children's language, learning and development in a fun and effective way. The Poetry Basket scheme was launched by the Early Years Team in partnership with [MakeBelieveArts](#) in 2020. Each month children in early years settings across North Somerset learn a new poem and how to sign it in Makaton.

The fox is smart,  
And sly as can be,  
And a great big bushy tail has he.  
He can run very fast,  
And his fur is red,  
And he lives in the woods in his tree trunk b

## Key SEND Partnership Contacts

### SEND and You

SEND and You provides the statutory Special Educational Needs and Disabilities Information, Advice and Support Service (SENDIASS) in South Gloucestershire, Bristol and North Somerset.

Our role is to help parents carers, children, and young people build their knowledge, understanding, and confidence in SEND procedures, policies, practices, and law. We work to enable people to communicate their own needs, wishes, aims, and rights. This means people playing an active and informed role in making decisions about their education, health and social care.

SAY SENDIAS service is free, confidential, impartial, and independent from the local authority and health services. We work with professionals, organisations and services in delivering our function as a SENDIAS service with a team of trained practitioners, based on and within the legal SEND framework.

Contact SEND and You in the following ways:

- New or first-time users can use our [web-contact form](#).
- Call on 0117 9897725 (24-hour answerphone)
- Email - [support@sendandyou.org.uk](mailto:support@sendandyou.org.uk)

Please be aware that young people aged 16 and older will need to give consent and permission for their parent carer to speak to SAY on their behalf.

### North Somerset Parent Carers Working Together: NSPCWT

We are here to support parents & carers with children between the ages of 0-25 that have an emerging need, additional need and/or disability. We signpost families to relevant organisations, host regular coffee mornings, training sessions & events plus we previously organised free wellbeing days out for parent carers to enjoy.

North Somerset Parent Carers Working Together aim to improve the service, provision and the quality of life for children and young people with disabilities and additional needs by being the collective voice of parent carers and a strategic partner for the Local Authority, Education and Health.
