

Caroline Maud James Trust Scholarship

Guidance for Application

Broadoak Academy is incredibly lucky to benefit from a bequest left to us by the family of Caroline Maud James. Each year we are able to award scholarships for Year 11 students that will support their ambitions and transition to post-16. This funding (up to but not exceeding £200 per student) could support covering the cost of appropriately linked activities this summer or at college. For example:

- attendance at cookery school for a post-16 catering student
- a health and safety course for construction students
- a ticket to see a performance for a student studying drama, performing arts or music
- a series of sports coaching sessions for students going on to study sport at post-16
- a museum or gallery visit
- specific uniform / equipment required for your post-16 course
- an online course

We are open to applications that will continue to fire the imagination and ambition of Broadoak Academy students and set them up well for college, sixth form and apprenticeships!

The deadline for applications **has been extended**. Please submit your form on SMHW or by email to georgia.wilde@clf.uk as soon as possible.

The scholarships awarded will be decided by Mr McGilloway (Principal), Ms Marshall (Chair of Academy Council) and Mrs Frise (Member of Academy Council). Only 5 scholarships will be awarded in total, this is based on those with the best applications.

If you are successful, our Finance team will complete the order to fulfil your application. For example, they will book the course or event tickets or order the equipment for you. You will then be contacted by email with details of your booking / to arrange collection.

Application for Scholarship Caroline Maud James Trust

The deadline for applications **has been extended.**
Please submit your form on SMHW or by email to georgia.wilde@clf.uk as soon as possible.
